# ABOUT US

## WHAT WE DO

Kathea is a value-added distributor of Voice, Audio Visual, Video Conferencing and Workspace Management Products, Solutions and Services.

Founded in 1998, Kathea has a proud history of making markets for manufacturers, through focused and specialized distribution, in South Africa and Africa. Kathea provides products and services through a partner community of 800 resellers and employs approximately 55 staff with offices in Johannesburg, Cape Town and Port Elizabeth.

### VOICE

We distribute a range of devices to match enterprise requirements, contact centres, SMEs and hotels. These include a wide range of phones, headsets and conferencing phones.

### VIDEO & AUDIO VISUAL

We provide video conferencing end-points and infrastructure (cloud or on prem) as well as audio visual products to fully equip your boardrooms, classrooms and auditoriums.

### WORKSPACE MANAGEMENT

Our specialised Workspace Management solutions range from complex enterprise-grade solutions to agile and easily installed mid-size corporate requirements.

# ABOUT US

## OUR EXPERIENCE

Kathea proudly represents some of the top brands in the communication, collaboration, audio visual and workspace technology arenas.

We offer high value-add brand representation with deep skills and service competence, combined with efficient distribution to over 700 partners.

### EXPERIENCE

Over 24 years of experience in "making and serving markets" for brands such as Jabra, Polycom, Extron and many others.

### AWARDS

Our multiple awards across various fields over 24 years serve as further evidence of how Kathea sets itself apart.

### PRESENCE

We are well represented in all 3 of the major centers in South Africa – Johannesburg, Cape Town and Port Elizabeth.

### PARTNERSHIPS

We are committed to long term partnerships with all of the brands and channel partners that we work with.

# SERVICES

## SERVICE OFFERINGS

### SERVICE LEVEL AGREEMENTS

These SLA's enable the end user to experience high quality, reliable solutions that come with maintenance and reporting services which allow for uninterrupted communication between various locations, without relying heavily on internal resources in order to achieve this. Custom SLA's are also created to meet particular business requirements.

### INSTALLATIONS

Kathea assists Partners with End Point and Infrastructure installations, providing experienced engineers and install technicians to carry out installations at a customer's facility. Installations also include configuration and orientation of the equipment to the highest standard. Testing of the equipment is key, and this will be done thoroughly to ensure full functionality of the systems.

### OUT-OF-WARRANTY SUPPORT

Our highly skilled post-sales support teams are available to try and assist where products are out of warranty.

### IN-WARRANTY SUPPORT

We facilitate all claims against manufacturer warranties for products purchased through us. This is done through an experienced Service Centre Team in the Johannesburg offices.

### RENTAL SOLUTIONS

We have partnered with one of the largest and most reputable privately owned financial institutions in the country in order to provide our Partners with tailor-made rental solutions to meet the specific and individual needs of their customers.

## VIDEO EXTENDERS & VIDEO SPLITTERS

**DESIGNED TO**  
Do away with bulky cables and allows a neat, and convenient installation

### Cat E Extender Wall Plate

- Powered at either the Transmitter or Receiver side
- Real EDID bypass, and HDCP key authentication
- Ideal solution for function rooms, museums and any environment that requires equipment or cabling to be kept hidden from public view

**DESIGNED TO**  
Extend HDMI

### HDMI Cat 5 Extender

- Uses Cat 5e cable to extends the distance between HDMI source and HDMI display
- Extend 1080p by 40 m; extend 1080i (HDTV) by 60 m
- HDMI (3D, Deep Color); HDCP Compatible
- 8 segment equalization adjustment switch optimizes display quality.

**DESIGNED TO**  
Push technology and design to the limit

### HDBaseT Extender

- Ideal for meeting rooms, or any setting that requires high-quality HDMI video to be extended for great distances

**DESIGNED TO**  
Be user-oriented and enhance durability

### HDBaseT 3.0 Transceiver

- Purpose-built for spaces that require long-distance
- High-quality
- Signal transmission with easy installation and non-stop operation, such as conference rooms, auditoriums, banquet halls and museums

**DESIGNED TO**  
Make presentations flow in medium-sized and large meeting rooms

### 4-Port 4K HDMI Splitter

- Full BYOD support
- Seamless Collaboration
- Wireless presentation made easy
- Simple one-click experience
- Tech-agnostic
- Enterprise ready

**DESIGNED TO**  
Be the perfect solution for anyone who needs to send one source of digital HD

### 2-Port 4K HDMI Splitter

- Connects one HDMI source to two HDMI displays at the same time
- HDMI (3D, Deep Color,4K); HDCP Compatible
- Long distance transmission - up to 15m (24 AWG)
- Supports max. data rate of 10.2 Gbps

# ATEN

## VIDEO SWITCHES

### DESIGNED TO

Offer instant switching and has OSD display controls for video, audio, and systems configuration and info

### 4-Port HDMI Switch Dual Output

- 4-Port Dual View HDMI Switch offers an easy and affordable way to add HDMI capabilities to your home theater system by allowing you to switch easily between up to four HDMI A/V sources that are connected to up to two HDMI displays

### DESIGNED FOR

Instant switching for a smooth video transition

### 4-Port 4K HDMI Switch

- Allows up to four HDMI A/V sources to be connected to one HDMI display
- HDMI (3D, Deep Colour, 4kx2k video)
- Supports 340MHz bandwidth for ultrahigh 2kx2k video
- Quick and easy switching between HDMI sources via front panel pushbuttons, RS-232 or IR Remote control

### DESIGNED TO

Enable simultaneous access to different HDMI A/V sources

### 8-Port HDMI Switch

- Allows up to eight HDMI sources to be connected to one HDMI display
- Quick and easy switching between HDMI sources via front panel pushbuttons or IR remote control
- Superior video quality - HDTV resolution of 480p, 720p, 1080i, 1080p (1920X1080); VGA, SVGA, SXGA, UXGA, and WUXGA(1920X1200)
- Built-in bi-directional RS-232 serial port for high-end system control

### DESIGNED TO

Offer an easy and affordable way to route any of 8 HDMI video sources

### 8x8 True 4K HDMI Matrix Switch

- Connects any of 4 HDMI sources to any of 4 HDMI displays
- Supports True 4K solutions up to 4096 x 2160 @60HZ (4:4:4)
- Multiple Control Methods - system management via front-panel pushbuttons, IR remote, RS-232 control, and Web GUI/Telnet via Ethernet connections
- HDMI (3D, Deep colour, 4K) and HDCP 2.2 compatible

### DESIGNED FOR

The future of High-definition video switching

### 4 x 4 4K HDMI Matrix Switch

- Connects any of 4 HDMI sources to any of 4 HDMI displays
- Supports 4K resolutions up to UHD (3820 X 2160) and DCI(4096 x 2160) with refresh rates of 30Hz (4:4:4) and 60Hz (4:2:0)
- Signaling rates up to 3.4 Gbits for flawless 4K output
- Multiple Control Methods - system management via front panel pushbuttons, IR remote and RS-232 control

### DESIGNED FOR

Meeting Rooms and educational spaces

### True 4K Presentation Matrix

- Multiformat AV switching - switch among 1 HDBaseT, 2 HDMI, and 1 VGA inputs to 1 HDBASET and 1 HDMI outputs and support of audio DSP
- HDBase T-Lite technology - extends uncompressed AV, IR, RS-232, and power over one CAT 6/6a cable up to 70m
- Superior video quality - True 4K resolutions up to 4096 x 2160@60Hz (4:4:4) (HDMI) / 4096 x 2160@60Hz (4:2:0) (HDBaseT); HDR support
- Scaler - supports video upscaling to 4K for display A and downscaling to 1080p for Display B

# ATEN

## CONVERTERS & SCALERS

**DESIGNED TO**  
 Transmit high-definition video and audio

- 4K HDMI Converter**
- Connect a USB-C enabled laptop or Smartphone which utilizes "DP Alt Mode" functionality to an HDMI compatible display using a single cable
  - Supports resolutions up to 4K@60Hz (3840 x 2160 @60 Hz)
  - Supports a long-distance connectivity of up to 2.7 meters
  - Works with all major operating systems: Windows, OS X, and Android

**DESIGNED TO**  
 Emulate and store the EDID of a video display

- 4K HDMI EDID Emulator**
- Automatically manages EDID communication between connected devices
  - EDID Wizard - allows a user an easy way to manage EDID settings
  - EDID mode selection - Default, Learning, Programming
  - HDMI(3D, Deep Colour), HDCP compatible

**DESIGNED FOR**  
 Easy and convenient way of converting VGA input signals to HDMI

- VGA/Audio to HDMI Converter**
- Converts VGA signals to HDMI output
  - Scaler - a premium scaling engine that converts various input video resolutions into the display's native resolution, while adjusts picture ratio automatically for maximum viewing comfort
  - Features a superior de-interlacer function for smooth video playback quality
  - Supports analog/digital audio

**DESIGNED FOR**  
 Easy installation and non-stop operations, and enhanced durability

- True 4K HDMI/USB HDBasT 3.0 Transceiver**
- Extends uncompressed True 4K HDMI signals up to 100m over a single Cat 6a cable with zero latency
  - Compliant with HDBaseT 3.0 standards - transmits high-quality video, full range IR, bi-directional RS-232, Gigabit, Ethernet, independent stereo audio and USB 2.0 signals channel bypass
  - Superior video quality - up o 4096 x 2160 @ 60Hz (4:4:4); HDR, HDR+, Dolby Vision supported
  - Supports HDMI audio embedding/ de-embedding functions

**DESIGNED TO**  
 Be an easy and convenient way of converting VGA

- VGA/Audio to HDMI Converter with Scaler**
- Connects any of 4 HDMI sources to any of 4 HDMI displays
  - Supports 4K resolutions up to UHD (3820 X 2160) and DCI(4096 x 2160) with refresh rates of 30Hz (4:4:4) and 60Hz (4:2:0)
  - Signaling rates up to 3.4 Gbits for flawless 4K ouput
  - Multiple Control Methods - system management via front panel pushbuttons, IR remote and RS-232 control

# ATEN ADAPTERS

**DESIGNED TO**

Connect HDMI inputs to VGA output displays

**HDMI to VGA Adapter**

- Converts HDMI signals to VGA output
- Superior video quality - up to 1920 x 1200, 1080P
- Supports wide screen formats
- Non-powered

**DESIGNED TO**

To ensure high quality signal conversion

**4K Mini DisplayPort to HDMI**

- Active adapter - features an advanced chip which ensures stable video signal conversion even when the video source does not support dual-mode DisplayPort (DP++)
- Supports VGS, SVGA, XGA, SXGA, UXGA, 1080p and resolutions up to 4K UHD
- Supports AMD Eyefinity Technology (Multi-screen setups)
- Audio supported

**DESIGNED FOR**

Connecting DisplayPort input to HDMI output displays

**DisplayPort to HDMI Adapter**

- Supports VGA, SVGA, XGA, SXGA, UXGA and resolutions up to 1080p (HDTV)
- Audio Supported
- No Software or driver installation required

**DESIGNED FOR**

Easy installation and non-stop operations, and enhanced durability

**4K DisplayPort to HDMI Active Adapter**

- Active adapter - features an advanced chip which ensures stable video signal conversion even when the video source does not support dual-mode DisplayPort (DP++)
- Supports VGA, SVGA, XGA, SXGA, UXGA, 1080p and resolutions up to 4K UHD
- Supports AMD Eyefinity Technology (multi-screen stups)
- Audio supported

**DESIGNED TO**

Emulate and store one set of the EDID

**4K HDMI EDID Emulator Adapter**

- Manages EDID communication between connected devices
- Effectively learns and saves the EDID from the connected HDMI display via single pushbutton and relays it to the video source
- Supports superior video quality up to 4096 x 2160 / 3840 x 2160 @60Hz (4:4:4) via EDID Learning Mode
- Compact and lightweight design

# ATEN

## AUDIO & DOCKING STATIONS

### DESIGNED TO

Deliver decent sonic performance

### 6.5" Coaxial Ceiling LoudSpeaker

- Coaxial design with premium components: - 6.5" high output driver with rubber surround and heavy-duty voice coil (20mm dome tweeter)
- 80 - 20 kHz bandwidth with wide coverage for consistent, full-range coverage of the space while reducing the amount of the speakers needed
- Switchable for use as either an 8Ω low-impedance speaker or as part of a 70V/100V distributed loudspeaker system
- Ease of installation guaranteed with the magnetic grille, dog leg mounting system and cutout template

### DESIGNED FOR

Instant switching for a smooth video transition

### 4" Coaxial Ceiling Loudspeaker

- Coaxial design with premium components ( 4" high output driver with rubber surround and heavy-duty voice coil, 20mm dome tweeter)
- 100 - 20 kHz bandwidth with wide coverage for consistent, full-range coverage of the space while reducing the amount of the speakers needed
- Switchable for use as either an 8Ω low-impedance speaker or as part of a 70V/100V distributed loudspeaker system
- Ease of installation guaranteed with the magnetic grille, dog leg mounting system and cutout template

### DESIGNED TO

Help eliminate operation shutdown brought by fan malfunction

### 60W Mono Hi-Z power Amplifier

- A high-output Class D power amp that delivers 60W of power to 70V or 100V distributed audio systems
- Built-in 2-band shelf EQ provides 6dB boost/ suppression of treble and bass control
- Power Saving Mode - The AP106 shuts down when no audio input higher than -50 dBu is detectable in 30 minutes and turns back on when a source reaches -30 dBu is detected
- Integrated protection - Amp shortcut, Amp output over/under-voltage, high frequency overload, and overtemperature protection

### DESIGNED TO

Enjoy stunning 4 video or a dual HD monitor setup

### USB-C Multiport Dock

- Expands up to 13 devices instantly through a USB-C cable
- Supports USB power delivery 3.0 (PD3.0) for laptop charging up to 85W via USB-C PD power adapter- power profiles include 5V, 9V, 12V, 15V, 20V
- Supports single display output resolution up to 4K@30 (3840X2160@30Hz) on a single HDMI or dual display output at 1080p (1920X1080@60Hz)
- Compatible with Apple M1 chip devices; 1 x USB 3.2 Gen 1 Type-A port supports Battery Charging Specifications Revision 1.2 (BC 1.2) for fast-charging device

### DESIGNED FOR

Save space, type comfortable and keep your laptop cool

### USB-C Multiport Dock

- Connects up to 10 devices instantly through a USB-C cable
- Provides Power Delivery Pass-through up to 60W after deductions of 15W used by the dock
- Supports 4K resolution on a single HDMI or DisplayPort display, and Dual 1080p ON A DisplayPort and an HDMI or VGA monitor
- Compatible with Apple M1 chip devices; 1 x USB 3.2 Gen 1 Type-A port supports Battery Charging Specification Revision 1.2 (BC 1.2) for Fast-Charging device

# ATEN CABLES

**DESIGNED TO**

Provide a quick and high quality cost effective solution

**DESIGNED FOR**

Fast, and Reliable data syncing performance

**DESIGNED TO**

Provide an uncompressed, all-digital interface for audio and video signals

**DESIGNED TO**

Provide an uncompressed, all-digital interface for audio and video signals

**DESIGNED FOR**

Provide an uncompressed, all-digital interface for audio and video signals

**DESIGNED FOR**

Provide an uncompressed, all-digital interface for audio and video signals

**15M USB 3.2 Extender**

- Supports USB 3.2 Gen1 specification (5Gbps)
- Ultra slim design and unique locker head design
- Daisy-chainable, maximum distance of up to 30m
- Additional power adapter included

**10M USB 3.2 Extender**

- Extends the USB signal from a USB Type-A PC/ laptop to a USB-C device 10m away
- Supports USB 3.2 Gen1 specifications of up to 5 Gbps data transfer rates
- Lightweight, small enclosure with 2 screw holes on the USB-C female connector deliver enhanced flexibility and secure interconnection
- Plug-and-Play (no drivers needed)

**2M True 4K HDMI Cable**

- HDMI (3D, Deep Colour, 4K); HDCP 2.2 compliant
- Superior video quality - True 4K (4096 x 2160 @60Hz; 2840 x 2160 @60Hz 4:4:4)
- Gold -plated connectors for reliable transmissions
- Available in lengths from 1 to 5m

**3M True 4K HDMI Cable**

- HDMI (3D, Deep Colour, 4K); HDCP 2.2 compliant
- Superior video quality - True 4K (4096 x 2160 @60Hz; 2840 x 2160 @60Hz 4:4:4)
- Gold -plated connectors for reliable transmissions
- Available in lengths from 1 to 5m

**5M True 4K HDMI Cable**

- HDMI (3D, Deep Colour, 4K); HDCP 2.2 compliant
- Superior video quality - True 4K (4096 x 2160 @60Hz; 2840 x 2160 @60Hz 4:4:4)
- Gold -plated connectors for reliable transmissions
- Available in lengths from 1 to 5m

**10M/20M True 4K HDMI Cable**

- HDMI (3D, Deep colour, 4K); HDCP 1.4 compliant
- Superior video quality - up to 4K (4096 x 2160 @30Hz)
- Gold-plated connectors for reliable transmissions
- Available in lengths from 5 to 20m

# ATEN

## CABLES & PDU'S WITH SURGE PROTECTION

### DESIGNED FOR

RGB video applications such as digital signage & supports video transmission

### 305M Low Skew Cat 5e

- Contains 305m/1000ft of low skew cable
- 350 MHz bandwidth
- Delay Skew: 1 ~ 350 MHz 20nS/100m Max
- Compatible with ATEN analog Cat 5 video extenders, KVM extenders, and Cat 5 KVM switches

### DESIGNED TO

Provide surge protection, prevents damage to your equipment

### Basic 1U PDU Surge Protector

- Surge Protection
- Space saving - 1U rack mount design
- IEEC or NEMA outlet models

# BARCO

## CLICKSHARE WIRELESS PRESENTATION

# CLICKSHARE

## WIRELESS PRESENTATION SYSTEMS

### DESIGNED TO

Transform huddle & small meeting rooms into inspiring conference facilities

### ClickShare CX-20

- Full BYOD support
- Remote collaboration
- Agnostic: works with any device, and UC&C technology and a wide range of AV peripheral
- Enhanced security
- Connected and cloud managed

### DESIGNED TO

Seamless, wireless conferencing for small to medium meeting rooms

### ClickShare CX-30

- Full BYOD support
- Collaborate remotely
- Full interactivity and moderation (available in future firmware update)
- Works with your device, your conferencing platform (UC&C) and a wide range of USB peripherals
- Enhanced security

### DESIGNED TO

Bring wireless conferencing and remote collaboration to meeting rooms

### ClickShare CX-50

- Full BYOD support
- Remote collaboration in highest quality
- Full interactivity and moderation (available in future firmware update)
- Agnostic: your laptop, your conferencing platform (UC&C) platform and a wide range of USB peripherals.
- HDMI input cable

### DESIGNED TO

Make presentation flow in small, medium meetings rooms and huddle spaces

### ClickShare C-5

- Full BYOD support
- Seamless content sharing with Button or Desktop App
- Enhanced security, connected and cloud-managed
- Easily share content from your device
- Seamless integration
- Boost Collaboration

### DESIGNED TO

Make presentations flow in medium-sized and large meeting rooms

### ClickShare C-10

- Full BYOD support
- Seamless Collaboration
- Wireless presentation made easy
- Simple one-click experience
- Tech-agnostic
- Enterprise ready

# WORKSPACE

## MANAGEMENT SOLUTIONS

# WORKSPACE BOOKING PLATFORM

Condeco by Eptura is the platform that puts you in control of your working days. You can easily find and reserve the spaces you need, and ensure that they'll be ready for you when you arrive. It's flexible working without the hassle.

## Secure your Space in Seconds

Search for a space that meets your needs and book it for the time you need it with just a few clicks.

## Take Control of your Day

Through a simple self-serve tool, you can book everything you need in moments, whether for today or weeks in advance.

## Embrace Flexible Working

Make sure every day you visit the office is productive and stress-free.

## Book in Three Ways

Find and book the workspaces you need in moments

### On your Mobile

Search and book via the Condeco by Eptura app for iOS and Android

### From Your Calendar

Bring Condeco into Microsoft Outlook with Smart Calendar.

### On the Web

Get a more detailed view and advanced management from the online portal.

- Your whole day in one place (single screen view)
- Check-in with ease
- Find your ideal space
- Adjust bookings instantly
- Plan your work week
- Ensure everyone's safety
- Connect with co-workers

- Repeat meetings are taken care of (find the right place for your recurring meetings)
- Your automated Plan B (automatically updates meeting changes from your calendar)
- Collaborate with anyone, anywhere

- Effortless workspace management
- connect across locations and time zones
- guarantee service delivery
- Adapt to change
- Give visitors a warm welcome

# WORKSPACE

## DESK BOOKING

# WORKSPACE

## ROOM BOOKING

### Configure your desk Spaces with Ease

Condeco y Eptura supports fixed, flexible and bookable workspaces that suit every role and working schedule.

#### Fixed Workspaces

Can be permanently assigned to an employee, but can be released for others to use if the employee is absent.

#### Flexible Workspaces

Are assigned to an employee, but if that employee does not check-in on time, the desk is released for others to use.

#### Bookable Workspaces

can be booked by anyone who has been given access to the space.

### Coordinate people, time and spaces

**Neighborhoods.** If teams need to sit together, Condeco by Eptura has them covered. Setting up neighborhoods mean certain groups of desks can only be booked by certain employees, so they know they'll be with the right people before they even arrive or can keep their work private.

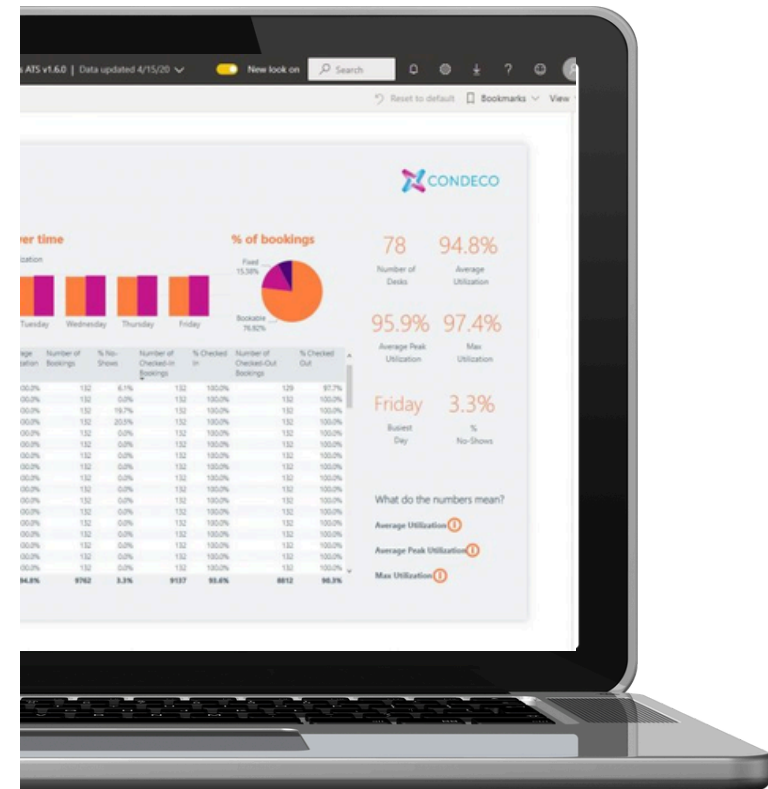

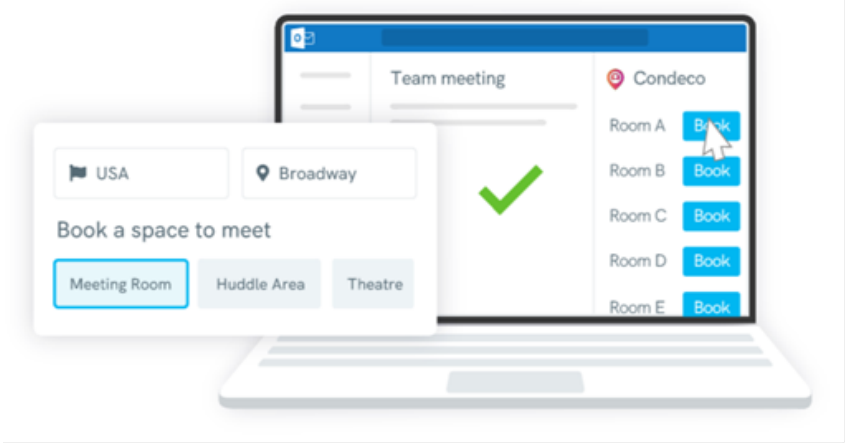

**Reservation rules.** Put rules in place that ensure only the right people and teams can reserve certain spaces, and that selected users can get priority access.

**Time limits.** Set the maximum number of days employees can reserve in a week, and whether they can reserve certain types of space.

### Set up Bespoke meeting Spaces

The specification of every type of space can be set up within Condeco by Eptura. Spaces can be self-serve managed or blind-managed, so that they're always used in the right way.

- **Self-serve**  
Where users can directly book the room
- **Managed**  
Where users can request a specific room
- **Blind-managed**  
Where users can make a request for a room

### Learn How your Office Really Works

Use customizable reports that closely monitor workspace use, including who uses each space, no-show and check-in rates, and much more. Integrating with Microsoft Power BI can give you even more advanced data insights, enabling more informed decisions about how your workspaces can evolve.

# WORKSPACE

## HARDWARE

### Desk Booking Screen

Enhance your workspace experience with desk screens.

#### Check desk availability

Unsure if a desk is free for you to use? No problem. Clear LED status lights and a bright full-color display give you instant visibility of desk status, even from a distance.

#### Free up unused space

Your work doesn't have to be held back by no-shows and latecomers wasting desk space. Through Condeco desk screens, spaces can be released for use by someone else if a booker doesn't check in within a pre-defined timeframe.

#### Touch and go

With an RFID-enabled access card, you can scan into any desk screen and book, check in or check out in a matter of seconds.

### Meeting Room Screen

Enhance your workspace experience with meeting room screens.

#### Check availability.

Get an at-a-glance view of when a room is booked and who booked it, and make your own booking for any available time from the screen itself.

#### Show meeting status.

See which rooms are available, booked or occupied with red, amber and green LED lights, visible from a distance for an instant status check.

#### Increase room usage.

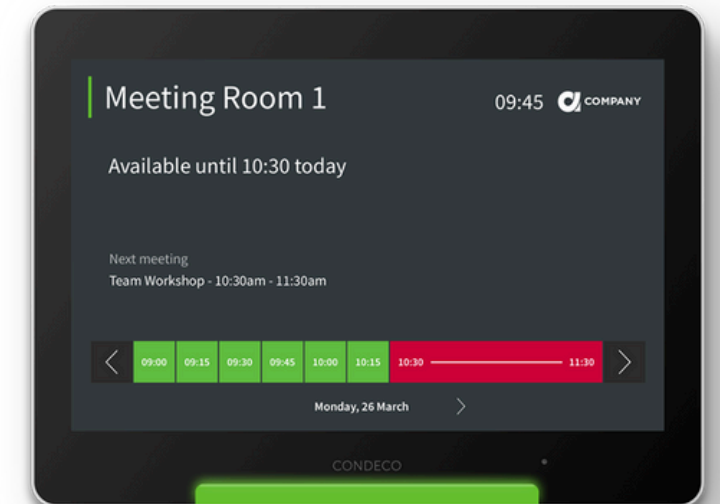

No more wasted meeting space caused by no-shows. If the meeting host hasn't checked in for their booked time, Condeco automatically frees up the space for you to use instead.

#### End or extend.

If your meeting finishes early or is running over time, the screen can help you adjust in seconds. You can either release the room for others to book, or extend your booking if time is available.

#### Book instantly.

An RFID-enabled security card or six-digit PIN enables super-fast booking, check-in, check-out or extension, all from the touch screen.

# WORKSPACE

## VISITOR MANAGEMENT

### Desk Booking Screen

Enhance your workspace experience with desk screens.

#### Book instantly.

An RFID-enabled security card or six-digit PIN enables super-fast booking, check-in, check-out or extension, all from the touch screen.

# INTERACTIVE

## DISPLAYS

# CTOUCH RIVA

## EDUCATION

The CTOUCH Riva is a super user-friendly touchscreen. As a true chameleon, it will find any kind of meeting experience. Easily upgrade the touchscreen to your needs. CTOUCH will support you with the perfect fit.

### Make your Meetings come Alive

The way people work together is changing rapidly. This drives us to develop flexible solutions that fit any kind of meeting experience. The CTOUCH Riva is a super user-friendly touchscreen that brings the power of touch to any working environment. Easily share your content on the big screen, write the smartest ideas on the interactive whiteboard and inspire everyone in the room.

### Easily upgrade with CTOUCH BRIX

The CTOUCH Riva is based on a modular platform. Called BRIX. It can be easily upgraded over time- according to the needs of the users- with CTOUCH Brix modules. Ready to dive into Microsoft Teams meetings? or want to bring Zoom into your meeting room? Simply upgrade with a CTOUCH BRIX module and you're set to go, without replacing the entire touchscreen. With CTOUCH Riva you are fully prepared for the modern workplace of the future!

#### Wi-Fi module:

- Add wireless internet to your screen
- Build-in hotspot function
- Bluetooth

#### Human Presence Detection module:

- Screen automatically turns on when you enter the room
- And off again when rooms are empty
- Saving money and our planet!

#### Fingerprint Scanner:

- Login and unlock your screen with your fingerprint
- Start preparing your meetings right away
- Protect your files from unwanted users

#### NFC Reader module:

- Easy login: tap your card and go!
- Lock your screen for unwanted users
- Reliable and safe

### A true natural handwriting experience

Annotate, write and draw like never before due to TrueBeam Touch technology. It feels natural and smooth. Simply use your finger or a pen and write as fast as you can. Use your hand palm for easy erasing without switching tools. How convenient is that!

### Triple S glass: smooth, stripeless and safe

Writing on the Triple S glass display feels very smooth and soft, leaving minimal stains behind. And don't be afraid of rough users as the safety glass can take a beating!

### Excellent sound with the high end JBL® 80 Watt speakers

Amaze your audience and blow them away with the 80 Watt integrated JBL® speakers. They deliver Live-stage (virtual) Surround sound. Even in the back of the room, the sound is impressive, without the need for extra sound equipment.

### Multiple connectors for easy screen sharing

The screen comes with multiple connectors for real-time screen sharing. With HDMI-out for example, you easily share content from your screen to multiple devices in the room. And to the USB-C port, you can connect any device with just a single cable. It transfers data, sound, touch and power. So, it can even charge your device while connected!

### Optional modules: only pay for what you need!

# CTOUCH CANVAS

## BUSINESS

The CTOUCH Canvas stands out in every meeting room! Its unique CTOUCHABLE™ design invites you to instantly touch the screen. Discover the ultra-fine pen-on-paper-like writing experience. It's designed for business and meets the highest security standards.

### Take team collaboration to the next level

Advances in cloud collaboration, tooling, and conferencing systems are fast pacing each other. Want to get into flow with your team? The Canvas' unique CTOUCHABLE™ design invites you to interact with the content on the screen. From the coloured rubber and soft-touch textile frame to the touchable buttons and intuitive menu. It all works together to foster energizing meetings. Bring innovation and teamwork to life!

### Easily upgrade with CTOUCH BRIX

The CTOUCH Canvas is a modular touchscreen. It can be upgraded over time with our collaboration solutions. We call them BRIX. Ready to dive into Microsoft Teams meetings? Or want to bring Zoom Rooms into your meeting space? Simply fit the CTOUCH Canvas with a BRIX module and you're set to go. With the CTOUCH Canvas you are prepared for the workplace of the future!

### Ultra-fine writing experience

Write, sketch and annotate like never before! The optical bonded InGlass™ touch technology delivers you a high-precision pen-on-paper-like writing experience. Simply use the passive pen or your finger and write or erase as fast as you can.

### Security by design

The Canvas is designed for business-grade security. This is why it comes without an operating system. No software updates are needed. No data is stored on the display. And no apps can be installed that could leak your data or grant access.

### Business connectivity & management

You are in full control! The USB-C port provides easy one-cable presenting for video, touch, charging (100W), and the internet. For management and local control, the RS232 interface and IP management are available. Want to integrate Canvas into your enterprise network?

### Full-room audio with the integrated JBL® 80 Watt speakers and microphone array

Amaze your audience and immerse them with the JBL® speakers. They deliver Live-stage (virtual) Surround sound. Even in the back of the room the sound is impressive.

#### The Canvas frame Rugged rubber edge colours:

Regal Orange - Electric Blue - Midnight Grey  
Soft-touch textile with touch-able controls

#### Canvas Circularity Passport

- Detailed material and energy usage.
- Sustainable design: less material and weight used

#### Camera mount for video conferencing

- Magnetic mount for any spot on screen sides
- Suitable for external USB cameras

#### Smart modules

- NFC Reader module: easy login & screen lock (optional)
- Fingerprint Scanner: secure login & unlock to start meetings (optional)
- Human Presence Detection for auto switch on/off (built-in)

# CTOUCH NEO

## BUSINESS

The CTOUCH Neo, the easiest-to-us touchscreen ever. Walk up to the screen, pick one o four options and kick ff your session with just one touch. It's really that easy!

### The easiest-to-use touchscreen in the world

Neo's highly intuitive interface features four apps on start up to choose from. Start with whiteboarding, wireless sharing, use the web browser or change the source, with just one touch. Throw out that manual, the Neo is as simple to use as a toaster!

### The essentials of whiteboarding

A ruler, a calculator, 50 different pen colours...do you really need all of these? If not, CTOUCH Neo is the one! Choose between a pen or a marker and 6 colours to write with. Also included: an eraser, a selector tool and undo or redo buttons. That's all folks!

### Wireless sharing as easy as can be

Connecting your device with a cable can be messy and will be costly when cables break and need to be replaced. A wireless connection provides a solution. The CTOUCH Neo features AirServer, so there's no need to install an additional app or equip the meeting room full of cables. Just use your device's native sharing software: Google Cast, Miracast or AirPlay and start casting right away.

### Excellent video conferencing sound

Prolonging a longstanding partnership, the CTOUCH Neo speakers are by JBL®, leading to impressive sound, even in the back of the room. Combined with the integrated microphone array, the CTOUCH Neo becomes a powerful tool for hybrid meetings and teaching.

### Neo at a Glance

- 

**Most Intuitive UI Ever**  
Thes user interface offers access to the 4 most used touchscreen features
- 

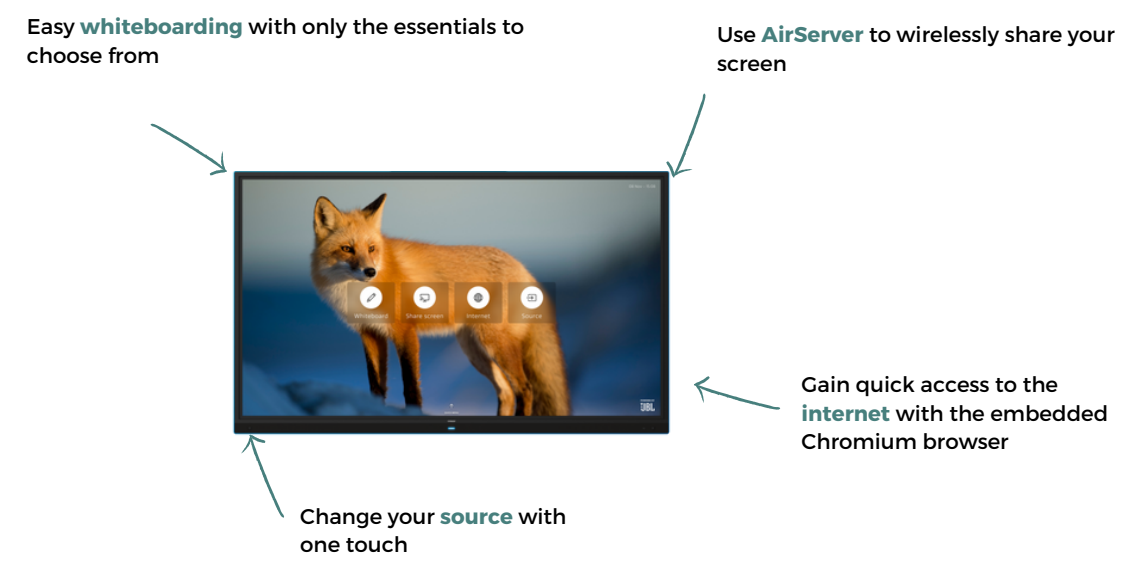

**Trouble-Free Wireless Sharing**  
Wirelessly share your Windows, Android or Apple device to the screen, no extra app necessary
- 

**Whiteboarding Essentials**  
A whiteboard that's as simple as a flip chart featuring just the essentials.
- 

**Optional Web Browser**  
Browse the web with the embedded Chromium browser. Or not, it's up to the IT admin.
- 

**Up to 10 Years Warranty**  
Enjoy a lifetime of safe and supported touchscreen usage with our Heartbeat As-A-Service programme.
- 

**Save Energy**  
Built-in human presence detection and eco-mode settings Help conserve energy.

- 180° field of view: Panoramic-4K quality.
- Virtual director: Frames active speakers automatically.
- Audio: 8 beamforming mics and 4 stereo speakers.
- Ease of use: Intuitive PanaCast Control tablet.

# VIDEO SOLUTIONS

PANA DISPLAY

# PANA DISPLAY

## SEE THE WORLD THROUGH A 21:9 LENS

Pana's 21:9 ultra-wide 5K resolution brings a refreshing form factor to the conventional display market. Jupiters 8-foot wide Pana 105 canvas optimizes team productivity allowing for improved interaction and workplace collaboration. Pana provides 33% more pixels with 5K resolution giving the user more real estate in which to work.

CIOs are telling us 21:9 is making the biggest impressions enabling them to stand out, land new clients and attract better talent. That's a win-win.

### Landscape or Portrait

Pana is visually engaging in either a landscape or a portrait view. Measuring over 8' tall vertically, Pana 105 is an impactful virtual greeter in full height, in addition to a stunning panorama in landscape mode. The applications are as broad as your imagination.

## WHY 21:9?

"Going into displays is a natural progression for Jupiter because our processors manage the displays," Sidney Rittenberg Jr, CEO of Jupiter. "But we wanted to do something different." So the concept for a 21:9 screen was born—or reborn.

Pana's 21:9 ultra-wide 5K native resolution brings a refreshing form factor to the conventional display market. Our 8-foot wide Pana 105 canvas optimizes team productivity allowing for improved interaction and workplace collaboration. Pana provides 33% more pixels with 5K resolution giving the user more real estate in which to work.

Whether you are viewing the immersive Pana 105 or expansive Pan 81, the form factor of each Pana is inspired by our natural human ability to see wider than we see taller.

16:9

A more spacious display ensures more pertinent information gets placed in our panoramic visual sweet spot, increasing our comprehension and productivity.

Pana 105 is the largest 21:9 ultra-wide LCD display available today. With the explosive growth of gaming and online content platforms, this aspect ratio will continue to gain in popularity.

At Jupiter we anticipate the future moving in this direction and lead the market in this offering. Our launch of enterprise-grade 21:9, 5K LCD displays is the largest and most comprehensive solution available today.

### 21:9 Panoramic Display

The extra wide form factor is inspired by our natural human ability to see wider than we see taller.

### 5K Resolution

PANA provides 33% more pixels with 5K resolution giving the users more real estate in which to work.

### Interactive User Experience

Touch enables the experience for interactive autonomy, speed and ease of use. PANA interactive displays are touch driven by multiple, simultaneous collaborators

### Built for Human Interaction

More pertinent information gets placed in our visual sweet spot increasing our comprehension and productivity. All the pixels are placed where everyone on the team can reach them

### Interactivity through SimpleShare

Jupiter's proprietary SimpleShare software enables intuitive interaction optimized for PANA displays. The platform provides quick and easy access to your daily workflow

Download Solutions Guide

# PANA DISPLAY

## SEE THE WORLD THROUGH A 21:9 LENS

# PANA DISPLAY

## PANA 34

### Visualize Impact

Pana 105 and 81 can be used in a variety of scenarios. its versatility can be adapted to your industry's display needs. Both models are available in touch and non-touch displays

### Microsoft Teams Front Row Ready

Due to its 21:9 format, Microsoft now recommends using this Aspect Ratio for an enhanced meeting room configuration when using Teams.

The large single display perfectly shows the Front Row mode workflow and brings a completely new immersive experience and allows ease of interaction for all participants.

**Create better visual experiences for meetings.  
We believe in the future of the modern workspace.**

### Enhance your Interaction with your Content

Whether it is content you experience with the 21:9 wide screen and 24 watt speakers, content you create with the stylus with the Pana 34 in easel mode, or the experiences you create in virtual reality or in virtual meetings, the Pana 34 delivers. The Pana 34 provides many features like the 8 array microphone, the sensitive stylus, the flexible mount of the camera, the dual articulating arm, and many advanced visual settings which enhance virtual meetings, gaming, movies, or your own digital art.

- 21: 9 Aspect Ratio
- Bezel Less OGS Display with 10 Point Multi-Touch
- 3,440 x 1,440 Resolution
- 165Hz Refresh Rate with FreeSync
- 1ms Response Time
- HDR400
- 4K Camera with Microsoft Hello Face Authentication
- 8 Microphone Array
- Pana Pen34 Active with 4,096 Levels of Pressure Sensitivity
- SimpleShare Enabled

- Immersive Audio
- Certified for business.

### DESIGNED TO

Enable users to look and sound their best on video calls

### Zone Wired Earbuds

- Available in UC and MS variants
- Boomless noise-canceling mic
- Studio-quality audio
- Plug-and-play simplicity
- Multiple connection types
- Dual MEMS noise-canceling mic
- Supports wideband audio

### DESIGNED TO

Designed to enhance audio clarity and streamline call management

### H650E

- In-line controls for calls and volume.
- On-call busy light with LED indicator.
- No-tangle, flat, and flexible cable.
- Compatible with Teams, Cisco, and more

# DESKTOP HEADSETS

## DESIGNED FOR

Enhanced digital audio and in-line controls

### H390

- Great for Music and Talking
- Simple controls
- Easy to use
- All-day comfort
- Connect Multiple Devices

## DESIGNED FOR

A world of digital clarity that brings your internet calls to life

### H340

- Plug-and-play USB
- Digital stereo
- Flexible, rotating, noise-canceling microphone boom
- Lightweight design

## DESIGNED FOR

Designed for clear communication and comfort during calls

### H570e

- Flexible bi-directional noise-canceling mic with DSP.
- In-line controls for calls and volume; LED mute indicator.
- Comfortable leatherette ear pads and padded headband.
- No-tangle flat cable for easy use.

## DESIGNED FOR

Designed for clear communication and immersive audio experiences

### ZONE WIRELESS 2

- Call Clarity reduces background noise.
- Four mics enhance voice capture.
- Hybrid ANC cancels surrounding noise.
- Certified for Microsoft Teams and Zoom.

## DESIGNED FOR

Designed for all-day comfort and superior call quality

### ZONE 305

- Certified for Microsoft Teams, Zoom, Google Meet, and Google Voice with plug-and-play receiver.
- Dual noise-canceling mics capture clear voice with noise suppression.
- 30 mm dynamic audio drivers provide excellent sound quality.
- Lightweight at 122 grams, offering up to 20 hours of battery life.

# PERSONAL WORKSPACE

## PRESENTATION REMOTES & DOCKING STATION

### DESIGNED TO

Deliver impactful presentations. Move freely and navigate slides.

### R500S Laser Remote

- Navigate slides from up to 20 meters away
- Present effortlessly
- Intuitive slide navigation
- Red laser pointer
- Designed for secure grip

### DESIGNED TO

Keep people engaged, while helping the audience follow what is being said

### Spotlight Remote

- Illuminate every point with the 3 advanced pointing modes - highlight, magnify and digital laser
- Intuitive slide navigation
- Long operating range from as far as 30m away
- Broad compatibility
- Two ways to connect
- 3 months presenting on a full charge

### DESIGNED TO

Be an all-in-one docking station that simplifies home office setups

### Logi Dock

- Unclutter your desktop
- One-touch meeting join
- The speakerphone includes six beamforming microphones that capture your voice clearly
- Connect everything, take control of your desk with one simple solution that connects your devices

# VIDEO SOLUTIONS

WEBCAMS, CAMERAS & ROOM SOLUTIONS

# DESKTOP WEBCAMS

## DESIGNED TO

Be the best and most advanced business webcam on the market

### Brio

- Spectacular video quality up to 4K
- Look great in any light with HDR and RightLight 3
- Enhanced security with Windows Hello facial log-in
- Works with your video conferencing applications

## DESIGNED TO

Deliver beautiful video in virtually any environment

### C930E

- 1080p HD quality, ideal for video conferencing
- Excellent low-light performance with RightLight 2
- Premium glass lens
- Works with your video conferencing applications

## DESIGNED TO

Enhance video collaboration and deliver outstanding video and sound

### C925E

- Designed for desktop video conferencing
- RightLight 2 ensures clear video with typical office lighting
- Sliding internal shades assures privacy
- Works with your video conferencing applications

## DESIGNED TO

Provide everything you need to look great in conference calls

### C920

- Delivers remarkably crisp and detailed full HD video (1080p at 30fps)
- 78-degree field of view
- HD auto light correction
- Dual mics for clear stereo sound
- Works with your video conferencing applications

## DESIGNED TO

Allow users to step up from built-in laptop optics

### C505

- HD 720p widescreen video
- 60-degree diagonal fixed field-of-view
- Single, Omni-directional mic with long-range pickup from up to 3 meters away
- Works with your video conferencing applications

## DESIGNED TO

Make meeting easier from anywhere

### BRIO 505

- Professional video quality: Look natural and confident with Full HD resolution, auto-framing and auto light correction.
- Dual noise-reducing mics: Be heard clearly in noisy environments with noise-reducing mics that filter out background sound.
- Integrated privacy shutter: Block the camera when you don't wish to be seen with an easy-to-use privacy shutter.
- Show Mode 1: Present physical items by tilting the camera down to show sketches, work in progress, or objects.

# DESKTOP

## BUNDLE SOLUTIONS

### DESIGNED TO

Be a Mid-range work from Anywhere Bundle

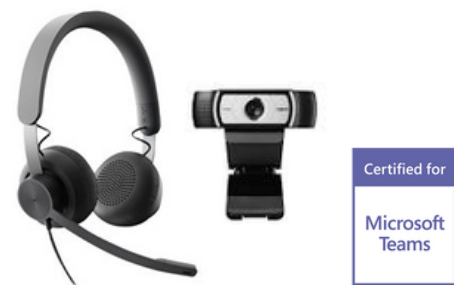

### H390 Headset + C505 Webcam

- HD 720p widescreen video
- Mono, long-range microphone
- Extra-long USB-A cable extends setup options
- Bi-directional noise-cancelling microphones
- Fine-tuned 30 mm audio drivers deliver enhanced digital audio for meetings, music, and more

### DESIGNED TO

Be a High-range work from Anywhere Bundle

### Zone Wired Headset + C930

- Premium microphone for open office: Noise-canceling dual mic technology that accurately suppresses distracting sounds as close as 60 cm away.
- Premium audio drivers: Generously-sized 40 mm drivers deliver full-bodied bass, crisp higher frequencies and incredibly low distortion.
- Plug-and-play reliability: In-line controls keep call and music functions handy as USB-C and USB-A adapter (included) ensure plug-and-play compatibility.

### DESIGNED FOR

Premium personal video collaboration

### Zone Wireless Headset + Brio

- BRIO and Zone Wireless are easy to set up and use, which means minimal support overhead for busy IT teams.
- BRIO is packed with advanced features that produce outstanding video in any environment, including personal workspaces. RightLight and high dynamic range (HDR) technology automatically help users look great in any lighting condition.
- The adjustable field of view gives users control over how video calls are framed while the 4K ultra high-def camera with 5x digital zoom delivers remarkable clarity, smoothness, and detail.

# CONFERENCE CAMERAS

## DESIGNED FOR

Huddle rooms, home offices and on-the-go professionals

### Connect

- Superior video and audio with a compact, 3-inch footprint
- Plug-free mobility with a rechargeable battery
- Works with your video conferencing applications

## DESIGNED FOR

Professional meeting spaces of all shapes and sizes

### Rally Camera

- RightSight automatic framing and RightLight automatic light balance and colour optimization
- 4K optics with 15x HD zoom
- 90-degree diagonal field of view motorized pan, tilt, and zoom
- Works with your video conferencing application

## DESIGNED FOR

Huddle rooms and other smaller meeting spaces

### MeetUp

- See everyone, even those close to the camera
- Compact design minimizes cabling and clutter
- Works with your video conferencing applications

## DESIGNED TO

Be Tabletop companion camera with intelligent

### Sight

- Sight is a tabletop companion camera that works in tandem with Logitech Rally Bar or Rally Bar Mini to provide a front-and-center view of meeting participants around the table
- 315° video capture
- Dual lenses that capture up to 4K resolution.
- Directional mic pickup
- Seven beamforming mics replace the need for a mic pod.
- Mic mute control
- Magnetic privacy shade
- Place Sight in non-traditional rooms with U- or V-shaped tables by securing it to a tripod stand.

# CONFERENCE

## COLLABORATION BARS

### DESIGNED FOR

Small and Huddle meeting rooms

### DESIGNED FOR

Huddle rooms and other smaller meeting spaces

### DESIGNED FOR

Midsized meeting rooms, with expansion options for larger groups

### Rally Bar Huddle

- Use Rally Bar Huddle as a meeting room appliance, in USB mode connected to a meeting room PC, or connect via laptop.
- Rally Bar Huddle is quick to set up, simple to manage, and easy to integrate with Tap IP through CollabOS.
- Rally Bar Huddle operates as a standalone conference camera or as part of a greater room solution
- Easily manage your Logitech video collaboration devices with Logitech Sync

### Rally Bar Mini

- USB Plug-and-Play
- RightSense Technologies
- All-in-one design
- Streamlined, flexible installs
- One-touch join
- Logitech Sync
- Deploy updates at scale
- Partner Dashboard support
- Small-sized boardrooms & Huddle spaces

### Rally Bar

- USB Plug-and-Play
- RightSense Technologies
- All-in-one design
- Streamlined, flexible installs
- One-touch join
- Logitech Sync
- Deploy updates at scale
- Partner Dashboard support
- Medium-sized boardrooms

# CONFERENCE ROOM SOLUTIONS

## DESIGNED FOR

Small meeting rooms that require superior audio and video

### Small Room Solution Bar Mini

- Ultra- HD video with 4K optics
- RightSense technologies with automatic camera control, light and sound optimization
- Rally comes with one front-of-room speaker and one mic pod
- For medium-sized boardrooms

## DESIGNED FOR

Medium rooms to ensure brilliant optics and room-filling audio

### Medium Room Solution Rally Bar

- Rally Plus comes with two front-of-room speakers and two mic pods
- Deploy up to seven total mic pods for extended audio range
- Works with your familiar video conferencing applications
- For large-sized boardrooms

## DESIGNED FOR

Huddle rooms and other smaller meeting spaces

### Small Room Solution

- Conference Camera
- Logitech Tap Controller
- Logitech Strong USB 10m cable mini-PC

## DESIGNED FOR

Midsized meeting rooms, offering brilliantly sharp video and audio

### Medium Room Solution

- Conference Camera
- Logitech Tap Controller
- Logitech Strong USB 10m cable mini-PC
- Rally mounting kit
- One speaker
- One Microphone

## DESIGNED FOR

Large meeting rooms, offering brilliantly sharp video and audio

### Large Room Solution

- Conference Camera
- Logitech Tap Controller
- Logitech Strong USB 10m cable mini-PC
- Rally mounting kit
- One speaker
- One Microphone

## DESIGNED TO

Make it easy to see meeting details and reserve a room for ad hoc

### Tap Scheduler

- Easy install with Included mounts
- Hiding cabling for a clean setup
- 10.1" Touchscreen
- Anti-fingerprint
- Durable build
- Availability lighting
- flat angle for accessibility

## ALL ROOM SOLUTIONS PARTNERED WITH LENOVO THINKSMART CORE

# CONFERENCE

## BRING YOUR OWN DEVICE

### DESIGNED FOR

Midsized meeting rooms, offering brilliantly sharp video and audio

### Rally System

- Ultra- HD video with 4K optics
- RightSense technologies with automatic camera control, light and sound optimization
- Rally comes with one front-of-room speaker and one mic pod
- For medium-sized boardrooms

### DESIGNED FOR

Large meeting rooms, offering brilliantly sharp video and audio

### Rally Plus

- Rally Plus comes with two front-of-room speakers and two mic pods
- Deploy up to seven total mic pods for extended audio range
- Works with your familiar video conferencing applications
- For large-sized boardrooms

# ACCESSORIES

## MICS & CONTENT SHARING

### DESIGNED TO

Auto-level voices, suppress noise, and cancel echo

### Rally Mic Pod

- Four microphones with eight beamforming elements provide a 15 ft (4.5m) pickup range
- 9.6 ft (2.95m) cable connects to Rally Table Hub,
- Rally Mic Pod Hub, or another Mic Pod
- Mute button with LED status indicator

### DESIGNED TO

Provide superior sound in larger huddle rooms

### MeetUp Expansion Mic

- Plug-and-play
- LED indicator confirms video streaming, microphone mute, on-hold, Bluetooth® pairing, etc
- Mono, wideband, noise-canceling
- Microphone mute

### DESIGNED TO

Enable users to join any meeting from every room

### Swytch

- Logitech Swytch is a BYOM (bring your own meeting) laptop link for video conferencing in meeting rooms, linking a Windows® 10 laptop, MacBook®, or Chromebook to the room's AV equipment with a single USB Type-A or C connection.

### DESIGNED TO

Effortlessly share whiteboards in video meetings

### Scribe

- An AI-powered whiteboard camera for Microsoft Teams Rooms, Zoom Rooms, and other leading video conferencing services
- Scribe's wireless share button makes sharing whiteboards into video meetings quick and easy
- Deploy Scribe in your classroom with your Zoom Rooms or Teams Rooms solution, or connect it to your laptop as a USB device

### DESIGNED FOR

The support of Conference cameras and room solution peripherals

### RoomMate

- Modular Versatility
- Power, with Connections
- Flexible, neat, secure
- Simple to manage
- Purpose-built for video collaboration

# ACCESSORIES

## CABLES

### DESIGNED TO

Support optimal mic placement and cable routing

### Rally Mic Pod Ext. Cable

- 10m Extension cable
- Rally Bar (supports up to 2 cables)
- Rally Bar Mini (supports up to 2 cables)
- Rally (supports 1 cable)
- Rally Plus (supports 1 cable)

### DESIGNED TO

Provide cleaner and simpler cable routing for Logitech Tap

### Cat5e Kit

- Use the 10 meters of cable included with the Cat5e Kit or supply your own cabling for runs of up to 40 meters
- Since Cat5e allows for precise cable lengths, it's easy to eliminate excess cabling beneath the table

### DESIGNED TO

Deploy USB devices up to 45 meters from the host PC

### Strong USB

- Extended-length SuperSpeed USB 10 Gbps cables
- Rated for wall, ceiling, and conduit installation
- USB 3.2 Gen 2 with backward compatibility

### DESIGNED TO

Support optimal mic placement and cable routing

### MeetUp Mic Ext. Cable

- 10-meter extension cable for Expansion Mic for Meetup
- Conduit-friendly design
- Includes cable clip for a reliable connection

# ACCESSORIES

## MOUNTS

### DESIGNED TO

Attach Rally Bar, Rally Bar Mini, or Rally Camera to almost any display

### TV Mount for Video Bars

- Swing-arm design
- Mount compatible devices above or below the display
- Adjustable depth up to 50mm
- Adjustable horizontal level +/- 1°
- 10° video bar tilt down adapter for above-display angle optimization

### DESIGNED TO

Position the Rally Bar or Rally Bar Mini above or below the display

### Wall Mount for Video Bars

- Mounts compatible devices to a wall or mobile cart
- Adjustable horizontal level +/- 1°
- 10° video bar tilt down adapter for high-position angle correction

### DESIGNED TO

Securely position the Rally Camera onto the wall or near the ceiling

### Rally Mounting Kit

- Securely position Rally Camera on the wall or near the ceiling
- Low-profile speaker brackets provide a “floating” appearance
- Secure connections with robust cable retention brackets

### DESIGNED TO

Securely mount the Meetup to a TV or monitor

### TV Mount for MeetUp

- Attach above or below monitors
- Works with most flat-panel TVs
- A Size for every screen (55" or 90" screens)

### DESIGNED TO

Securely mount your mini PC or Chromebox out of sight

### PC Mount

- Compatible with Intel® NUC and most Chrome boxes
- Integrated cable retention keeps connections tight
- Secures computers and cables to walls and beneath tables

### DESIGNED TO

Securely mount the Tap to the conference room table

### Tap Riser Mount

- Optimal display angle for center-of-table installations
- Fits most tables and grommet holes
- Hides cabling for a clean look

# ACCESSORIES

## MOUNTS

### DESIGNED TO

Securely mount the Tap to the conference room wall

### Tap Wall Mount

- Preserves table space
- Sturdy plate and cleat construction
- Compatible with in-wall and down-wall cabling

### DESIGNED TO

Securely mount the Tap to the conference room table

### Tap Table Mount

- Low profile mount with 180° swivel
- Fits most tables and grommet holes
- Hides cabling for a clean look

### DESIGNED TO

Anchors mic pods to a table or ceiling with cable management

### Mic Pod Mount

- Elevate the appearance of meeting rooms equipped with Rally Mic Pods
- With a compact form factor and clever design, Mic Pod Mount anchors mic pods in place provides a hidden path for cabling, and neatly coils excess cable

### DESIGNED TO

Securely mount Rally Mic Pod microphones.

### Rally Mic Pod Pendant Mount

- Mic Pod Pendant Mount allows you to hang Rally Mic Pods in rooms that have tall ceilings and tables that can't have mics attached or that have unique setups. Hanging mics from the ceiling helps ensure everyone can be heard equally, even in your largest spaces.

## CORDED HEADSETS

### IDEAL FOR

Hybrid working, sound clear at home or in the office

### DA75/85/DA85-M

- Built-in USB-A and USB-C connectors
- Full backwards compatibility for any Poly QD headsets
- Intelligent headset recognition
- Remote firmware and cloud system updates
- Dedicated Teams button ( Poly DA85-M model)

### IDEAL FOR

Seamlessly integrating mixed-call environments

### MDA500 QD Series

- Seamless call switching and mixing between desk phone and softphone
- Powerful analytics from desk phone and a softphone with Plantronics Manager Pro
- Easy-to-use volume, mute, and call answer
- Quick disconnect (QD) for freedom of movement

### IDEAL FOR

Escaping the interruptions in the open office

### Status Indicator

- Audio and visual alerts for incoming calls and instant messages
- 10 MP3 ringtones selections
- Adjustable volume and brightness control
- Intuitive Plantronics Status Indicator companion app for Windows and Mac allows feature personalization

# AT THE DESK

## CORDED HEADSETS

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire 8225

- Flexible, noise-canceling microphone with Poly Acoustic Fence Technology
- Advanced hybrid Active Noise Canceling (ANC) with three settings to optimize
- On-call indicator lets others know when you're on a call
- USB-A or USB-C connectivity
- Zoom Compatible

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire 3220

- Microphone Type: Omnidirectional, 100 Hz to 10 kHz bandwidth
- Speaker Size & Bandwidth: 28 mm speakers; 200 Hz to 6.8 kHz (speech), 20 Hz to 20 kHz (media)
- Connection Type: USB Type-A or Wired USB Type-C®, 5.28 ft total cable length

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire 3315

- Sleek design with plush, padded headband and soft ear cushions for long-lasting comfort.
- Plug-n-play with USB-A, connects easily to your devices for office or on-the-go use.
- Poly signature audio delivers professional-quality sound and reliability for clear communication.
- Monaural design with 180-degree pivoting speakers and flexible microphone boom for a custom fit.

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire 3320

- 32 mm speakers with 280° boom rotation and stereo microphone.
- Answer/end call, mute, volume controls, and Microsoft Teams button.
- 218 cm total USB cable length; requires USB Type-A port.
- Weighs 130 g, with packaging dimensions of 207x185x56 mm.

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire 3325

- Connects to PC or Mac via USB-C; mobile/tablet via 3.5 mm connector.
- Ideal for professionals needing premium audio quality, plug-n-play simplicity, reliability, and value.
- Clear, natural audio with wideband sound, flexible noise-canceling microphone, and enhanced digital signal processing (DSP). Acoustic limiting protects against sounds above 118 dBA.
- Padded headband and soft leatherette ear cushions; fully adjustable with 180-degree pivoting speakers and flexible microphone boom.

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire C3210-C

- On-ear (monoaural) design.
- Connects via USB Type-A or wired USB Type-C®.
- Omnidirectional microphone.
- Dynamic EQ optimized with digital signal processing (DSP) and noise cancellation (NC).

# AT THE DESK

## CORDED HEADSETS

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire C3225 USB-A

- Intuitive inline controls for answering/ending calls, volume control, and mute.
- PC wideband audio with noise-canceling microphones for high-quality telephony.
- Designed for users transitioning to PC telephony for webinars, conference calls, and multimedia applications.
- Standard USB (USB-A) with 3.5 mm connectivity; compatible with UC standard and Skype for Business.

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire C3210 USB-A

- Variants include universal USB or USB-C connectivity.
- Connects to smartphones and tablets via 3.5 mm (C3215/C3225).
- Intuitive inline controls for answering/ending calls, volume control, and mute.
- PC wideband audio with noise-canceling microphones for high-quality telephony.

### IDEAL FOR

Professionals in the distracting open office/home office

### Blackwire C3225 USB-C

- On-ear (stereo) design.
- Connectivity options: 3.5 mm audio, USB Type-A, and wired USB Type-C®.
- Omnidirectional microphone.
- Features noise and echo reduction, dynamic EQ optimization, and noise cancellation (NC).

### VVX 450

- 12-LINE, PERFORMANCE IP desk phone with colour display
- Award-winning audio with Poly HD Voice and Poly Acoustic Fence
- Supports USB and RJ9 connected headsets
- Dual 10/100/1000 Ethernet ports and Wi-Fi support with optional OBiWiFi5g USB adapter

### IDEAL FOR

Small business that offer big business value

### CCX350

- Complete Microsoft Teams integration on a dial-pad phone
- Poly HD Voice with Acoustic Clarity technologies
- Traditional dial pad experience
- Poly Acoustic Fence and NoiseBlockAI technologies
- Full-duplex speakerphone operation with echo cancellation

# ON THE GO

## SPEAKERPHONES

### IDEAL FOR

Turning any home office workspace into a conference room

### Sync 10

- Enterprise-grade hi-fi audio and power amplifier
- USB-A cable with a USB-C adapter included
- Powered by USB connection
- IP64 dust and water-resistant
- Slim, space-saving design
- Microsoft Teams certified
- Zoom certified

### IDEAL FOR

Meetings and music, wherever your day takes you

### Sync 20

- Plug-and-play USB with convenient cord management
- Bluetooth adapter options for cordless connectivity to PC (Poly Sync 20+)
- Built-in Bluetooth for mobile phone connectivity
- Up to 20 hours of talk time
- Ability to charge mobile phone
- Zoom certified

### IDEAL FOR

Turning smaller or flexible spaces into powerful conference rooms

### Sync 40

- Works with computers via USB and with smartphones via Bluetooth
- Connects to personal devices and works with existing applications
- The programmable button clears previously paired Bluetooth devices (must be enabled)
- Poly Sync 40+ connects wirelessly to computers via the included BT600 adapter

### IDEAL FOR

Conference rooms and has incredibly powerful audio

### Sync 60

- The video camera connects with a USB pass-through
- Talker-tracking visual location indicators (must be enabled)
- Visual LED Voice level meter (must be enabled)
- Works with computers via USB and with smartphones via Bluetooth®

# CONFERENCE AUDIO

## IDEAL FOR

Medium and large rooms require the best audio conference experience.

## Trio C60

- Poly signature audio with 22kHz audio, up to 6m/20ft mic pickup range
- Meeting initiation in seconds with one-touch join

- High definition video transmission • Clear, crisp natural colors from precisely tuned optics
- Quick, fluid movements with sharp focus
- Camera power supplied by Polycom RealPresence Group Series video system eliminating the need for a power supply

## IDEAL FOR

Bringing the world into your large conference rooms

## Studio X70

- Dual 4K lenses
- Two-way stereo speakers, aluminum cone tweeters, and advanced bass ports
- AI-driven camera array
- NoiseBlockAI noise reduction technology
- Seamless native experience on leading cloud video services

# CONFERENCE

## ROOM SOLUTIONS

### IDEAL FOR

Medium to large rooms needing custom-designed video conferencing.

### G7500

- 4K Ultra HD video and content resolution
- Select from flexible cameras and microphone options to match the room requirements
- Poly NoiseBlockAI and Acoustic Fence technology keep out audio distractions
- Simplified setup with USB camera support and Ethernet cabling for microphones
- Multiple camera options

# CONFERENCE

## ROOM SOLUTIONS FOR MICROSOFT TEAMS

### IDEAL FOR

Focus rooms that need a complete Microsoft Teams Rooms solution

### Focus Room

- Included Camera: [Poly Studio P15](#)
- 4K camera, powerful speaker, and beam-forming mic-array
- 90 degree field of view optimized for personal use
- NoiseBlockAI and Acoustic Fence technologies
- Automatic camera framing keep you centered
- HP PC sold separately

### IDEAL FOR

Small rooms that need a complete Microsoft Teams Rooms solution

### Small Room

- Included Camera: [Poly Studio R30](#)
- Powerful 4K camera with a 120-degree field of view
- Poly DirectorAI smart camera technology
- Powerful speaker and beam-forming mic array
- NoiseBlockAI and Acoustic Fence Technologies
- HP PC sold separately

### IDEAL FOR

Medium rooms that need a complete Microsoft Teams Rooms solution

### Medium Room

- Dual 4K lenses
- Two-way stereo speakers, aluminum cone tweeters, and advanced bass ports
- AI-driven camera array
- NoiseBlockAI noise reduction technology
- Seamless native experience on leading cloud video services
- HP PC sold separately

### IDEAL FOR

Large rooms that need a complete Microsoft Teams Rooms solution

### Large Room

- Included Camera: [Poly Studio E70](#)
- Dual lenses with 20 megapixel 4K sensors
- Poly DirectorAI smart camera technology
- Motorized, integrated electronic privacy shutter
- HP PC sold separately

### IDEAL FOR

delivers power and performance from every angle with the latest 12th Gen Intel® Core™ i7

### HP PC

- Setting up your conferencing space is fast and easy with the latest Intel® processor driven PC that has Microsoft Teams Rooms preinstalled
- Get a highly secure and manageable PC that has the self-healing protection of HP Sure Start Gen7.
- Get powerful performance from Windows IoT and the latest Intel® processor

# CONFERENCE ROOM SOLUTIONS FOR ZOOM ROOMS

## IDEAL FOR

Focus rooms that need a complete Zoom Rooms solution

## Small Room

- Included Camera: [Poly Studio P15](#)
- 4K camera, powerful speaker, and beam-forming mic-array
- 90 degree field of view optimized for personal use
- NoiseBlockAI and Acoustic Fence technologies
- Automatic camera framing keep you centered
- HP PC sold separately

## IDEAL FOR

Small rooms that need a complete Zoom Rooms solution

## Medium Room

- Included Camera: [Poly Studio R30](#)
- Powerful 4K camera with a 120-degree field of view
- Poly DirectorAI smart camera technology
- Powerful speaker and beam-forming mic array
- NoiseBlockAI and Acoustic Fence Technologies
- HP PC sold separately

## IDEAL FOR

Medium rooms that need a complete Zoom Rooms solution

## Large Room

- Dual 4K lenses
- Two-way stereo speakers, aluminum cone tweeters, and advanced bass ports
- AI-driven camera array
- NoiseBlockAI noise reduction technology
- Seamless native experience on leading cloud video services
- HP PC sold separately

## IDEAL FOR

delivers power and performance from every angle with the latest 12th Gen Intel® Core™ i7

## HP PC

- Setting up your conferencing space is fast and easy with the latest Intel® processor driven PC that has Microsoft Teams Rooms preinstalled
- Get a highly secure and manageable PC that has the self-healing protection of HP Sure Start Gen7.
- Get powerful performance from Windows IoT and the latest Intel® processor

# CONFERENCE

## TOUCH PANEL

### IDEAL FOR

Room Scheduling and Meeting Control

### TC10

- Intuitive, high-resolution 10-inch touch display
- Sleek design and flexible, intuitive set-up
- Large, multi-colored LED lights to show room availability or mute status from a distance
- Single cable for both power and connectivity

# IT TOOLS SOFTWARE

## IDEAL FOR

Enterprises needing cloud-based insights and management of Poly's latest voice and video devices

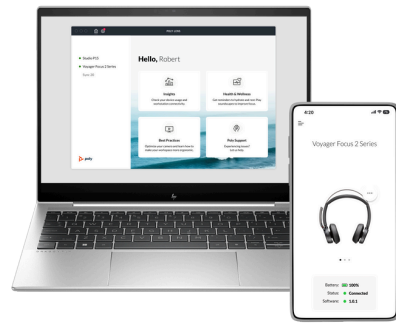

## Poly Lens

- Enterprise needing cloud-based management and insights of Poly's entire headset portfolio

## IDEAL FOR

Making the most of your meeting with Poly Lens Desktop. A single APP for customizing personal devices

## Poly Lens App

- In-app customization for personal device settings
- Built-in notices for software availability
- Keep track of your device while mobile with Find MyDevice
- Stay healthy at your desk with gentle wellness reminders

# VIDEO SOLUTIONS

BYOD & ROOM SOLUTIONS

# VIDEO SOLUTIONS

## BYOD & ROOM SOLUTIONS

**IDEAL FOR**

Small & huddle meeting rooms, offering sharp imagery

**UVC30 4K USB Camera**

- Superb Image Quality
- Smooth and Precise Auto-Framing, API for Data Analysis
- Ultra Expansive Field of View
- Easier and Smooth PTZ Control

**IDEAL FOR**

Small & huddle meeting rooms with an intuitive Teams interface

**UVC30-CP900-BYOD**

- All-in-One Design, Plug, and Play
- Long Endurance
- Cost-effective
- Simple Deployment

**IDEAL FOR**

Small & huddle rooms and work from home scenarios

**UVC34 Video Bar**

- USB video bar
- Auto framing
- AI face enhancement
- Wide-angle lens
- Electric lens cap
- Remote device management

**IDEAL FOR**

Small & huddle meeting rooms, offering premium audio and video

**SmartVision 40 Video Bar**

- Dual 48MP cameras with 120° DFOV
- 8 MEMS microphone array with 6-meter range
- Automatic lens privacy cover
- Intelligent noise cancellation technology

**IDEAL FOR**

Home office, huddle rooms and small rooms

**MeetingBar A10**

- 4K Camera
- 120° Wide Field of View
- Electric Privacy Shutter
- AI Tracking
- Noise Cancellation
- All-in-one Design

# VIDEO SOLUTIONS

## ROOM SOLUTIONS-WINDOWS

**IDEAL FOR**

Focus and small meeting rooms that require a dedicated MTR system

Certified for  
Microsoft Teams

**MVC S40**

- Dual 48MP cameras with 120°
- DFOV 8 MEMS microphone array with 6-meter range Automatic lens privacy cover Intelligent noise cancellation technology
- The mini-PC computer preloads Windows 10 IoT Enterprise OS
- MTOUCH ii E2 Touch Panel
- Including 2-year hardware warranty.

**IDEAL FOR**

Medium meeting rooms that require a dedicated MTR system

Certified for  
Microsoft Teams

**MVC640**

- UVC84 12X optical USB PTZ 4K camera, VCR20 remote control, power adapter, wallmount bracket and cables;
- Yealink MCoreKit-C4
- MSpeaker II
- 2x CPW65 DECT-Wireless Array Microphone
- WPP30 for wireless content sharing.
- The mini-PC computer preloads Windows 10 IoT Enterprise OS
- Including 2-year hardware warranty.

**IDEAL FOR**

Medium and large rooms that require a dedicated MTR system

Certified for  
Microsoft Teams

**MVC860**

- UVC86 12X optical PTZ 4K dual-eye intelligent camera, VCR20 remote control, power adapter, wallmount bracket and cables;
- Yealink MCoreKit
- WPP30 for wireless content sharing;
- 2x VCM35 array microphone;
- Yealink MSpeaker II,
- The mini-PC computer preloads Windows 10 IoT Enterprise OS
- Yealink Camera Control Plug-in;
- Including 2-year hardware warranty.

**IDEAL FOR**

Extra-large meeting rooms that require a dedicated MTR system

Certified for  
Microsoft Teams

**MVC S90**

- 2x UVC86 dual-eye Intelligent camera
- Yealink MCoreKit-C5
- AVHub multi-camera processor
- MVC-BYOD-Extender USB-BYOD adapter
- 2x WPP30 for wireless content sharing;
- The mini-PC computer preloads Windows 10 IoT Enterprise OS
- No audio devices;
- Including 2-year hardware warranty.

**IDEAL FOR**

Medium and large rooms that require a dedicated MTR system with third party accessories

Certified for  
Microsoft Teams

**MCOREKIT MTR**

- 1x Mini-PC with INTEL Core™ i5 quad-core CPU
- 1x MTouch Plus 11.6 inches touch console
- 1x RoomSensor
- The mini-PC computer preloads Windows 10 IoT Enterprise OS and license, Microsoft Teams Rooms App, as well as Yealink Camera Control Plug-in;
- Including 2-year hardware warranty.

# VIDEO SOLUTIONS

## ROOM SOLUTIONS

**IDEAL FOR**

Utilizing and managing your meeting spaces with ease

**IDEAL FOR**

Utilizing and managing your meeting spaces with ease

**IDEAL FOR**

Powerful digital collaboration for your MTR meeting rooms

**IDEAL FOR**

Immersive meeting experience and allow collaboration anytime

**IDEAL FOR**

Increased productivity

**RoomPanel**

- 8-Inch 10-Point Interactive Panel
- Anti Fingerprint Screen
- High Visibility LED Bars out Room Status
- Ambient Light & Proximity Sensor Embedded
- PoE or DC Power

**RoomPanel Plus**

- 10.1-inch multi-point touch screen for easy room booking.
- Enhanced face recognition for security and check-in.
- Full RGB LED bars for clear room status visibility.
- PoE or DC power for flexible and tidy installation.

**MeetingBoard 65"**

- 65 inch LED Touch Screen Built-in 4K Camera
- 16 MEMS MIC Array
- 4+2 Stereo SPK Array
- AI Noise Cancellation Smart Inking
- Dual OS
- Also available in white
- Expansion Camera options available

**MeetingBoard 86"**

- 86 inch Touch Screen Built-in 4K Camera
- Integrated intuitive whiteboard
- Premium AI audio and video
- Full Device Ecosystem
- Fit to all rooms
- Also Available in white
- Expansion Camera options available

**Room Cast-011**

- Yealink Wireless Presentation Pod
- Google Cast
- Miracast
- AirPlay
- 4-Sreen casting
- Extending Display Casting
- Annotation
- Virtual Whiteboard
- Remote evicement management
- 4K/60FPS

## MICROSOFT TEAMS ACCESSORIES

**IDEAL FOR**

Comfortable and realistic voice transmission, automatic noise reduction

**VCM35**

- Microphone array with 3-built-in-microphones
- Voice capture working distance of 6m
- Optima HDsound
- Yealink Full duplex technology
- Yealink Acoustic Echo canceling
- Yealink Noise Proof technology

**IDEAL FOR**

Providing purer audio for better meeting experiences

**VCM36**

- Optimal HD voice
- 360-degree voice pickup Full-duplex technology
- Capacitive mute touchpad Double encrypted
- Use for 24 hours

**IDEAL FOR**

Awarding better sound in video conferencing rooms

**MSpeaker II**

- Two built-in speakers
- Providing powerful output to cover middle and large meeting rooms
- Yealink Noise Proof Technology
- Supports PoE
- Supports 3.5mm AUX input

**IDEAL FOR**

Trouble-free content sharing and seamless collaboration

**WPP30**

- Plug-and-play
- Hardware encoding
- 4K /30FPS UHD Screen Casting Quality
- WIFI6 High-Speed Chip
- Ultra-low latency

**IDEAL FOR**

Solving the bottleneck of sound pickup in large meeting rooms

**CPW65**

- Optima HD Voice
- Full duplex technology
- 11-day standby time and 13-hour talk time
- 3m voice pick up
- Up to 20m connection distance with CP965
- Intuitive capacitive mute buttons
- Echo cancellation
- DECT Technology

# VIDEO SOLUTIONS

## MICROSOFT TEAMS ACCESSORIES

**IDEAL FOR**

Supporting the switch between MTR and other UC platforms

**BYOD Extender**

- Plug-and-play MTR BYOD Extender for easy and effective meetings
- One CAT5e cable connection, easy to deploy and manage
- Up to 100m endurance to keep productivity going in small to large rooms

**IDEAL FOR**

Catching every detail in medium and large rooms

**UVC84**

- 4K UHD
- 12x optical zoom Auto-framing PTZ control Audio scalability Privacy protection

**IDEAL FOR**

Medium and large meeting rooms with perfect display

**UVC86**

- 4K- 20X PTZ
- Autoframing
- Speaker tracking
- Presenter tracking
- Audio scalability
- Dual-camera system

**IDEAL FOR**

speaker coverage for integrated rooms

**CS10**

- Ceiling Speaker
- Innovative Coaxial Structure
- High-Performance Acoustics
- PoE-Enabled Active Speaker
- Dante Ready for Advanced Audio Networking
- Versatile Deployment
- Sophisticated Design

**IDEAL FOR**

Microphone coverage for integrated rooms

**CM20**

- Ceiling Microphone
- Advanced microphone array with 16 omnidirectional units for clear audio.
- Superior coverage of up to 60 m<sup>2</sup>, ideal for medium to large spaces.
- Intelligent sound processing for noise reduction and echo cancellation.
- Versatile ceiling integration with multiple installation options.

# VIDEO SOLUTIONS

## ROOM SOLUTIONS-ANDROID

### IDEAL FOR

Huddle and small meeting rooms that require a Zoom dedicated system

### MeetingBar A40

- Ultra HD picture quality
- High-quality audio pickup experience
- Compatible with Microsoft's MDEP
- Multi-Platform Flexibility Simple deployment
- Remote device managements

### IDEAL FOR

Medium meeting rooms that require a dedicted Zoom system

### MeetingBar A30

- Easy Deployment
- 20 MP Camera
- Auto FramingSpeaker Tracker Electric Lens Cap
- 8x e-PTZ Camera
- Device Management

# VIDEO SOLUTIONS

## ROOM SOLUTIONS-ZOOM

### IDEAL FOR

Extra-large meeting rooms that require a dedicated Zoom Rooms systems

### ZVC S90

- 2x UVC86 dual-eye Intelligent camera, VCR20 remote control, power adapter, wallmount bracket and cables;
- Yealink MCoreKit-C5 (with MCore Pro mini-PC, MTouch Plus and RoomSensor), power adapter, cables and wall bracket;
- 1x AVHub multi-camera processor, power adapter and cables;
- 1x MVC-BYOD-Extender USB-BYOD adapter;
- The mini-PC computer preloads Windows 11 IoT Enterprise OS and license, Zoom Rooms App, as well as Yealink Camera Control Plug-in;
- No audio devices;
- Including 2-year hardware warranty.

### IDEAL FOR

Medium and large rooms that require a dedicated Zoom Rooms systems

### ZVC860

- Native Zoom Rooms system for Medium-to-large rooms
- 1x UVC86 12X optical PTZ 4K dual-eye intelligent camera, VCR20 remote control, power adapter, wallmount bracket and cables;
- Yealink MCoreKit-C5 (with MCore Pro mini-PC, MTouch Plus and RoomSensor), power adapter, cables and wall bracket;
- 2x VCM35 array microphone;
- 1x Yealink MSpeaker II, power adapter and cables;
- 1x RCH40 PoE Switch for audio connection, power adapter and cables;
- The mini-PC computer preloads Windows 11 IoT Enterprise OS and license, Zoom Rooms App, as well as Yealink Camera Control Plug-in;
- Including 2-year hardware warranty.

### IDEAL FOR

Medium and large rooms that require a dedicated Zoom Rooms systems

### ZVC860 Base

- 1x UVC86 12X optical PTZ 4K dual-eye intelligent camera, VCR20 remote control, power adapter, wallmount bracket and cables;
- Yealink MCoreKit-C5 (with MCore Pro mini-PC, MTouch Plus and RoomSensor), power adapter, cables and wall bracket;
- The mini-PC computer preloads Windows 11 IoT Enterprise OS and license, Zoom Rooms App, as well as Yealink Camera Control Plug-in;
- Including 2-year hardware warranty.

### IDEAL FOR

Medium and large rooms that require a dedicated Zoom Room system with third party accessories

### MCoreKit Zoom Room

- 1x Mini-PC with INTEL Core™ i5 quad-core CPU
- 1x MTouch Plus 11.6 inches touch console
- 1x RoomSensor
- The mini-PC computer preloads Windows 11 IoT Enterprise OS and license, Zoom Rooms App, as well as Yealink Camera Control Plug-in;
- Including 2-year hardware warranty.

# SOFTWARE

## IT TOOLS

### Yealink Device Management Platform

Yealink's powerful GUI-driven Device Management Platform delivers a comprehensive set of tools for implementing multiple Yealink devices, which is designed to solve the complexities of provisioning, management, call quality control, and troubleshooting. The solution owns system-wide oversight and the ability to drill down into specific needs for various regions, user groups, or even a particular device model. The devices can be deployed automatically in the platform once the network is connected, which abandons the expensive traditional deployment. In addition, the platform supports device configuration, firmware upgrading, and device resource management, and all of these can be pushed to your terminal devices as a regular task whenever you need them. For the enterprise administrators, they are not only allowed to view and check the real-time analysis of device working state and call quality, but also to troubleshoot problems timely with the online diagnosis feature.

- Web-based platform, integrating several functions into a whole
- Group devices according to different districts, departments, and functions
- Control all of your devices remotely on the platform
- Execute task at once or set timing task
- Multiple diagnostic methods, ensure that the call experience always meets the requirements
- Real-time business and quality analysis, alarm notification when the device abnormal

# AUDIO SOLUTIONS

## CONFERENCE ROOMS

# AUDIO SOLUTIONS

## CONFERENCE ROOMS

Yamaha ADECIA Ceiling Solutions, featuring the Ceiling Array Microphone RM-CG and Conference Processor RM-CR, helps organisations overcome challenges with implementation, configuration and room acoustics by providing all the components required for a successful installation.

**Designed to work seamlessly together to reduce set up time, costs and complexities**

### Conference Processor

The Conference Processor automatically recognises Dante microphones and speakers on the same network. During commissioning it automatically sets the optimum sound setting for the environment, taking into account the location of speakers and microphones, the room's reverberation characteristics and echo responses. Auto-tuning is achieved with a simple, five-step process using special web-based interface.

The Conference Processor performs auto mixing of all connected Dante audio sources and the conference processor can handle a wide range of sources including dynamic microphones, analog line level I/O, USB, Bluetooth and SIP telephony.

### Key Features

- Complete Coverage from Sound Input to Output
- Capture Every Word with Human Voice Activity Detection
- Optimal Audio in Shortest Time
- Flexible Layouts for Reverberant and Multi-Purpose Rooms
- Seamless Integration into ALL Audio Environments

### Certified by:

### Ceiling Array Microphone

The dynamic ceiling array microphone features multi-beam tracking technology which focused on voices. The special spiral layout of its microphone elements, the RM-CG provides the narrowest, most precise beam for voice capture, while continuous background noise is eliminated using Yamaha's advanced noise reduction algorithms and Human Voice Activity Detection (HVAD),

Combined with its beam tracking technology, it can clearly pick up individual voices, even when more than one person is speaking. Dante audio and the control and power are supplied through one LAN cable, while three different mounting methods - ceiling, VESA and wire mount - are included to suit any space
